

Your test shows
you are at:

MEDIUM RISK

This means your kidneys are having some problems and you will need to see a kidney doctor in the next 3 to 6 months. What can we do now?

Goal: Get kidney health care and keep your kidneys from having more problems.

1 You will have an appointment with a kidney doctor in the next three to six months.

You will get a letter with a date for the appointment. At the appointment, you will meet with a kidney doctor and a kidney health care team to talk about your kidney health. You will be given medication and a health-care plan for your kidneys.

2 We will send a letter to your doctor or nurse with your results and suggestions for health care treatments they can provide if needed.

3 You know your body best.

If you think something is changing or wrong – make sure to see a health-care provider.

4 Keep your kidneys healthy.

What are all the ways you already keep your kidneys healthy?
Is there another goal you want to work on to help your kidney health?

I already:

I want to:

<input type="checkbox"/>	Limit/Stop Smoking (Ask your doctor about medications to help you quit!)		<input type="checkbox"/>
<input type="checkbox"/>	Eat Lots of Healthy Foods		<input type="checkbox"/>
<input type="checkbox"/>	Be Physically Active		<input type="checkbox"/>
<input type="checkbox"/>	Limit/Stop Drinking Alcohol		<input type="checkbox"/>
<input type="checkbox"/>	Manage my Diabetes/Blood Sugar (Talk to your nurse or doctor if you need help.)		<input type="checkbox"/>
<input type="checkbox"/>	Maintain a Healthy Blood Pressure		<input type="checkbox"/>
<input type="checkbox"/>	Go for Yearly Check Ups & Ask About Blood Pressure and Kidney Function		<input type="checkbox"/>
<input type="checkbox"/>	Take Medications Only as Prescribed (Ask your pharmacist if medications you take affect your kidney health.)		<input type="checkbox"/>
<input type="checkbox"/>	Use the Safe/Recommended Amount of Medication (like Ibuprofen/Advil, Naproxen, etc.) & Ask Your Doctor About It		<input type="checkbox"/>
<input type="checkbox"/>	Find Healthy Ways to Cope with Stress or Depression (Talk to a health-care provider or family/friends if you are depressed.)		<input type="checkbox"/>
<input type="checkbox"/>	Get Enough Sleep		<input type="checkbox"/>

Need Help?

Talk to your doctor or health-care provider about support or medications that can help you with quitting smoking, managing blood sugar or managing blood pressure. You can also talk to your health-care provider or pharmacist about medications.

5 Who will help me? Community support/programs I can use:

- Kidney Health Care Team (doctor, nurse, dietitian, pharmacist, etc)**
- Aboriginal Diabetes Initiative Worker**
- Community Health Worker or Health-Care Providers**
- Regional Health Authority Staff (Dietitians, Chronic Disease Education Program Nurses, Exercise Programs)**

6 Stay Active.

Being active is a great way to help manage your body weight and can also be good for your mental and emotional health. What are some of the ways you already stay active? Are there more activities you want to do?

I already:

I want to:

<input type="checkbox"/>	Take Walks		<input type="checkbox"/>
<input type="checkbox"/>	Swim		<input type="checkbox"/>
<input type="checkbox"/>	Go Hunting or Fishing		<input type="checkbox"/>
<input type="checkbox"/>	Lift Weights		<input type="checkbox"/>
<input type="checkbox"/>	Play with Kids/Grandkids		<input type="checkbox"/>
<input type="checkbox"/>	Dance		<input type="checkbox"/>
<input type="checkbox"/>	Play Sports		<input type="checkbox"/>
<input type="checkbox"/>	<input type="text"/>	?	<input type="checkbox"/>
<input type="checkbox"/>	<input type="text"/>	?	<input type="checkbox"/>

7 Healthy Eating

Try to balance your meals by following the **Plate Method**
 Your plate should be: $\frac{1}{2}$ **vegetables**, $\frac{1}{4}$ **breads/grains**, $\frac{1}{4}$ **meat**

My favourite vegetables: _____

Favourite grains/breads/potatoes: _____

Favourite meats: _____

I already:

I want to:

<input type="checkbox"/>	Use Little or No Salt When Cooking		<input type="checkbox"/>
<input type="checkbox"/>	Eat Vegetables Every Meal		<input type="checkbox"/>
<input type="checkbox"/>	Drink Water Instead of Other Drinks		<input type="checkbox"/>
<input type="checkbox"/>	Cook at Home		<input type="checkbox"/>
<input type="checkbox"/>	Eat Together (Family Meals)		<input type="checkbox"/>
<input type="checkbox"/>	Eat Traditional Foods		<input type="checkbox"/>
<input type="checkbox"/>	Read Food Labels to Look for Lower Fat, Sugar and Salt Foods		<input type="checkbox"/>
<input type="checkbox"/>	_____	?	<input type="checkbox"/>
<input type="checkbox"/>	_____	?	<input type="checkbox"/>

If you had to set **ONE** healthy eating goal – what would it be? (e.g. eat more vegetables, use less table salt)

Snack Ideas

Keep some healthy snacks around the house!

- Try fresh, frozen or canned fruit (packed in water) with no added sugar
- Cucumber slice or celery sticks
- Yogurt or cottage cheese
- Pop some plain popcorn
- Slice of toast with peanut butter
